In re: KRHT(AM) Concord, California
Silent Since: 1/31/93
Request to Extend Special Temporary Authority

Dear Mr. Buerry:

This letter concerns your request, filed May 29, 1996 on behalf of Concord Area Broadcasting, to extend the special temporary authority permitting Station KRHT(AM) to remain silent.

Your current request states that you seek to relocate your 5-tower array, and that you have had conversations with City of Concord, California officials about utilizing portions of their property at the sight of the Concord Pavilion. You indicate that the "pavilion is undergoing renovations and should be completed shortly." Review of the station's recent history confirms that you have sought to use this sight since March, 1995. Your request includes the appropriate certification that neither the licensee nor any party thereto is subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.¹

Your request will be granted. Accordingly, special temporary authority to remain silent is extended for a period not to exceed thirty days from the date of this letter. **Notwithstanding the grant of this temporary authority or of any future application to modify KRHT(AM)'s facilities, the broadcast license for KRHT(AM) will automatically expire as a matter of law if broadcast operations pursuant to the minimum operating schedule requirements of Section 73.1740(a)(1) of the Rules do not commence by**

¹In the event further extension of special temporary authority is sought, please renew your certification in this matter.

February 9, 1997.² See Pub. L. No. 104-104, 110 Stat. 56, § 403(1) (1996) and Order, Silent Station Authorizations (Enclosed), FCC 96-218 (released May 17, 1996).

No extension of this special temporary authority is contemplated absent documentation regarding the delays experienced as result of the Concord Pavilion construction. This documentation should include any supporting statements from city officials. Further, you must detail any efforts made to relocate KRHT's facilities at a different location.

Please note, finally, that in the event any AM station remains silent for a period over 6 months, it will be necessary to file with the Commission prior to returning the station to on-air operations, FCC Form 302 for direct measurement of power, including a partial proof of performance for stations with directional antennas.

Sincerely,

Re: 8910SML

Dear Mr. Burtle,

As has been previously reported that KRHT, formerly, KKIS lost it's lease at the tower and transmitter site.

The City of Concord owns property across the highway from the old tower location. This property houses the Bay Area's popular Concord Pavilion. The pavilion is undergoing renovations and should be completed shortly.

I have had conversations with city officials. They tell me that they will entertain a proposal regarding the relocation of this 5 tower array.

I ask the commission to please extend my off air request until the pavilion is completed and we receive authorization from the city and it's various agencies to relocate.

I may be contacted at my office (510) 827-9900 daytime or my home (510) 672-1826. My mailing address is:

Dear Licensee:

This is in reference to your request for the modified call sign assignment filed on Dec. 15, 1995. Review of the Commission's records indicate that the requested call sign is available for assignment. In view thereof the call letters of AM broadcast station KKIS located in CONCORD, CA are hereby changed to KRHT effective Jan. 29, 1996. This letter is considered part of your station license or construction permit pending issuance of an authorization incorporating the new call sign.

Re: KKIS, Concord, CA

Dear Mr. Caton:

This letter is being submitted on behalf of Concord Area Broadcasters, Inc. ("CABI") pursuant to the condition included in the last extension of its construction permit for changes in the facilities of Station KKIS, Concord, California, requiring the submission of monthly reports concerning the steps that the CABI is taking to proceed with construction.

As a preliminary matter, I apologize for not having submitted monthly reports as required by the construction permit. The explanation for the reports not being submitted is that I had assumed that they were being handled by the other officer/stockholder of CABI, and he, apparently, assumed that I was filing the reports. The fact that no reports have been filed since the extension was granted only recently came to my attention, and I am filing this letter to correct this situation.

As reported to the Commission in CABI's applications for extensions of its construction permit, CABI has been prevented from proceeding with construction due to the loss of the site specified in the original permit and its inability to locate an alternative site. A relatively large tract of land is needed for the facilities specified in the construction permit and, due to the high level of urbanization in the area in which the facilities would need to be constructed to meet the city coverage and other requirements of the Commission's rules, CABI has been unable to locate a tract of land that is both large enough to accommodate the facilities and properly zoned, or capable of being properly zoned, for radio towers.

In view of the fact that KKIS was near the top of the list of stations that would be awarded frequencies in the expanded band, and in view of the fact that it appears unlikely that CABI will be able to secure a tract of land suitable for constructing the facilities specified in its construction permit, CABI has concluded that, rather than continue to search for a site for the facilities specified in the construction permit, it will turn in the permit for cancellation upon being awarded a construction permit for a frequency in the expanded band. As the release of a final order in the expanded band proceeding has been expected for some time, CABI has not continued actively to search for a site at which the facilities specified in its construction permit can be built while awaiting the final order in the expanded band proceeding which it is confident, based upon KKIS' high ranking in the original order, will include an expanded band frequency for KKIS.

Dear Sir or Madame:

This letter concerns your pending request for authority to remain silent. Temporary authority is hereby granted for the above-referenced station(s) to remain silent for three months from the date of this letter.

Any further requests for extension of this authority must be accompanied by a detailed summary of steps taken to return the station to on-air operations.

On December 11, 1991, the Commission adopted a Report and Order (copy attached) which amended Part 1 of the Commission's Rules, to implement Section 5301 of the Anti Drug Abuse Act of 1988. Pursuant to the Report and Order, any requests for extension of this authority must be accompanied by a certification that neither the applicant nor any party to the request is subject to a denial of Federal benefits under Section 5301. Please use the attached certification page to comply with this requirement, if you need to request an extension of this authority.

It will be necessary to maintain prescribed tower lighting in accordance with the station's license authorization. If an extension is not required, you are requested to notify the Commission, in writing, of the exact date the station resumes on-air operations.

In the event that any AM station remains silent for a period over 6 months, it will be necessary to file with the Commission, prior to returning the station to on-air operations, an FCC Form 302 for direct measurement of power which should include a partial proof of performance for stations with directional antennas.

Pursuant to the Report and Order, any requests for extension of this authority must be accompanied by a certification that neither the applicant nor any party to the request is subject to a denial of Federal benefits under Section 5301. Please use the attached certification page to comply with this requirement.

It will be necessary to maintain prescribed tower lighting in accordance with the stations license authorization. If an extension is not required, you are requested to notify the Commission, in writing, of the exact date the station resumes on-air operations.

In the event that any AM station remains silent for a period over 6 months, it will be necessary to file with the Commission, prior to returning the station to on-air operations, an FCC Form 302 for direct measurement of power which should include a partial proof of performance for stations with directional antennas.

Dear Applicant:

This is in reference to your pending request for Special Temporary Authority (STA) for the above-referenced station to remain silent.

On December 11, 1991, the Commission adopted a Report and Order (see attached copy) to amend Part 1 of the Commission's Rules to implement Section 5301 of the Anti-Drug Abuse Act of 1988. Effective February 3, 1992, applicants requesting STA are required to certify that neither the applicant nor any party to the request is subject to a denial of Federal Benefits under Section 5301.

Action will be deferred on your request pending receipt. Action will be deferred on your request pending receipt of your certification (See attached sample certification). Your certification should be directed to:

AM Branch, Room 342
Federal Communications Commission
1919 M Street, N.W.
